#### WESTMORE YOUTH REACH OUT TO THE HOMELESS IN NEW YORK

Westmore's youth ministry has a history of outreach to society's most vulnerable, which this week is being manifested through an outreach to the homeless in New York City. As you read this,

Westmore youth, along with High School and College Pastor Jared Waldrop and Priority Projects Coordinator Chris Schelich, are at the famed Bowery

Mission, which serves as a resource for thousands of New York's most socio-economically deprived citizens. Westmore's youth are serving meals, distributing clothing, and ministering the good news of Christ to those who face challenges each day that many of us will never understand.

The team arrived in New York armed for ministry, having prepared through training and prayer for the difficulties they would face on the ground. Hauling a trailer-full of supplies and food, our youth are blessing those who live on the margin's of society in one of the world's most visible and prosperous cities.

Pastor Jared Waldrop thanks the Westmore Family for its support of this missions effort. "God is working through us because of your faith in us," he said. "Our youth are on the front-lines of

ministering to those who desperately need food and clothing, but most of all who need Jesus. Because of your support, our youth are putting smiles on faces that are etched with pain and providing hope to those who have had so little up to now.” Through outreaches such as this, Westmore’s youth is continuing the legacy developed by those who have gone before, while at the same time gaining valuable insight and experience.

### **MEDICAL OUTREACH TO NEPAL PLANNED FOR MARCH 14-25, 2019**

Upon his ascension to the heavens, Christ proclaimed that we should be witnesses throughout the earth. Outreach around the corner and around the world is in Westmore’s DNA, and thousands have been reached with the gospel through support from the Westmore Family. In recent years, Nepal has

been a priority country in terms of leadership training and evangelism, but Westmore will take its outreach to a new level in March of 2019 when it sends a team to provide medical support and ministry to Nepalese in remote Himalayan villages.

According to Executive Pastor Mark McCord, who will lead this outreach along with Middle School Pastor Zach Clevenger, the Nepalese people are in need of physical healing as well as spiritual awakening. “People in these remote villages don’t have easy access to modern healthcare. They lack basic medicines, eye glasses, bandages, and access to medical professionals that cause them to suffer serious health issues. We believe we have health care professionals within the Westmore Family who can help to meet these needs.”

In addition, however, he stresses the need for ministry. According to Pastor Mark, the Nepalese people are underrepresented in terms of hearing the gospel, having lived in a closed society for much of their lives. “This is especially the case in terms of those in remote Himalayan villages,” he says.

We need both health care professionals and those interested in ministry to consider joining this outreach. Organized through Global Infusion, it will be yet another way that Westmore fulfills the Great Commission.

Pastors Mark and Zach, along with the Global Infusion team, will conduct an informational meeting on **June 13<sup>th</sup> at 5:30 p.m. at the Westmore Office (2232 Candies Lane)** for those interested in potentially joining this outreach. They hope to see you there!
