

MINISTRY CENTER UPDATE

LET'S DO THIS!

Work Continues on Multiple Fronts to Develop Westmore's New Ministry Center

Constructing any facility, let alone a 53,000 sq/ft ministry center, requires patience, perseverance, and planning. Because of this, Westmore's leadership continues to work on several fronts to ensure the ministry center is completed on time and on budget. This includes more than just overseeing construction, of course, as there must also be focus on the design, the budget, infrastructure, zoning and regulations, and land use.

Because of this, Westmore's leadership team is meeting weekly to ensure that all aspects of the ministry center's construction are monitored closely. "We are using God's money, provided by the hard-working Westmore Family, and we intend to use it wisely to create maximum benefit for the funds expended," says Executive Pastor Mark McCord. "Fortunately, we have a great team working to implement every phase of the ministry center's development, which relieves a lot of the pressure.

B4TG CAMPAIGN PLEDGES ROLL IN The Westmore Family Supports Ministry Expansion

The Westmore family continues to support construction of the ministry center through payments on pledges made through the B4TG campaign. This three-year campaign focuses on

When the bid for the site work was finalized in late May, Lead Pastor Kelvin Page said, "Let's do this." The next day, bulldozers were on site and trees were coming down.

LOTS AT WESTMORE POINTE ARE GOING, GOING...

Three Lots Sold and Negotiations Ongoing for Others

Walls are going up at Westmore Pointe as construction has begun on two lots, another has sold, and negotiations are in process on two more. "Lots 1, 5,6, and 7 are still available," says Executive Pastor Mark McCord, "but potential buyers are talking to us at present. If you want a lot, now is the time to make it happen." Westmore Pointe lots sell for \$45,000 and interested parties should contact Mark McCord at mark.mccord@westmorecog.org.

expanding Westmore's ministry locally, regionally, nationally and internationally using an inter-generational model that honors its past while focusing on the future. As of June 30th, 193% of the pledges made during the campaign have been received, for a total of \$593,381. This is a major step

in generating momentum as the church moves into the ministry' center's construction phase.

Lead Pastor Kelvin Page is appreciative of the commitment made by the Westmore family. "When we kicked off the B4TG campaign, some said that raising \$3 million dollars was impossible. Using conventional wisdom, this was a logical conclusion, but then God showed up, as He has done down through Westmore's history."

CONSTRUCTION TIMELINE

- Mid-July: Foundation Work Begins
- Sunday, July 15: Foundations Service
- First Week of August: First Steel Structure Arrives
- Second-Fourth Weeks of August: First Steel Structure Put in Place

SOMETHING CHANGED!

There are a lot of changes happening at the site for the new ministry center. Check out the pictures below from May 25th (left) and June 5th (right). We will share more pictures soon!

The construction site continues to evolve and soon the footings will be poured for the foundation. This will be commemorated by a special "Foundations Service" on Sunday, July 15th that will celebrate Westmore's heritage (its 50th Anniversary), while at the same time looking to the future. A special event is planned after the service on that day at the construction site, so that members of the Westmore Family can participate in what will be an amazing time of transformation.
